Everyday Leadership Behaviours

We've identified 4 leadership behaviours that we know make the best Farmlands leaders. Different roles across the co-operative require us to approach each aspect in slightly different way, and you'll see on the next pages the different leadership levels and how they all fit together.

The Four Leadership Behaviours

Create <i>Create Clarity</i>	Connect <i>Build Connections</i>	Deliver <i>Deliver Results</i>	Grow <i>Grow Self, Grow Others</i>
Understand the bigger picture – you understand our vision, strategy and plans. You know what's expected of you and how you should deliver this. And, if you don't know, you take steps to find out. Have a plan – you establish a vision and course of action that's aligned to our strategy. You help others connect the dots between our vision and strategy and where they fit in achieving this. You can describe what success looks like and provide a sense of direction for others, even during times of ambiguity. Clarify the 'why' – you make clear how activities and decisions benefit the customer and the co-operative. You provide further context where further buy-in or prioritisation is needed to help overcome resistance.	Forge connections – you have strong relationships with the people around you, your customers and communities. You look outside of your immediate team to create connections with the people and teams across the business who have an influence or impact on your work. You seek broader perspectives to generate insights and opportunities. Create purpose and belonging – you create meaning for your team by uniting them around a common goal. You're authentic and prepared to be vulnerable. You promote diversity and allow others to express themselves and for all voices to be heard equally. Take people with you – you inspire people through your energy, commitment to our business and enthusiasm for the future. You listen, seek feedback from a range of sources and involve others in your decision making, without compromising pace. You lead by example through consistency and demonstrating the Farmlands Leadership behaviours.	Create structure – you plan ahead and create the structures and work routines to get things done. You make use of the systems and technology available to you. You're agile and look to work in new ways. Think and act like an owner – you take responsibility for your performance and delivering to a high standard. You tenaciously pursue the right outcomes and don't confuse activity with results. If you lead people, you set clear expectations for every team member. Insights driven – you understand the commercial aspects of your role and make decisions based on data and insights. You draw from new sources of information to generate ideas, seeking to innovate, disrupt and change. You are focused on building a stronger organisation tomorrow than today.	Have a growth mindset – your resilience helps you embrace change, persist through challenges and learn from feedback. You are curious and have flexibility of thought and perspective. You know your strengths and opportunities, actively engage in self-development and take time to reflect and apply learnings. Develop capability – you coach others to build capability and achieve their potential. You know your team, their aspirations and support them to learn, grow and take ownership of their development. Get out of the way – you empower others by delegating and creating space for them to do their best work, trusting them to deliver and providing support where required. You make it safe for others to try new things and learn from mistakes.
